09/2005 – 09/2010: GCSE's – 13 GCSE's at grade C or above

Work Experience

The Walton Centre: 05/2017 – present

Developer role:

- Managing junior developers
- Organising monthly sprints
- Leadership role

The Walton Centre: 07/2015 – 05/2017

Junior Developer role:

- Assisting senior developers to develop a new patient record system
- Designed electronic forms to meet specific requirements
- Developed an admin central system to administrate system databases
- Supporting live systems

Music Magpie: 01/2013 – 09/2013

Customer Service role:

- Answering customers queries through telephone, live chat and emails
- Needed to know what products we buy and if there are any special cases for certain products
- Had to know how to access the pricing for each product and if there are any changes
- Every customer usually had some issue so dealing with complaints was necessary

Project & Challenges

Clinical Interoperability:

- Created a link between two patient record systems to display important clinical details
 - EMIS is a patient record system primarily used in primary care in the UK
 - Worked with the company to setup a secure connection
 - Designed a custom DLL to digitally sign a SOAP message to confirm the validity of the message being sent
 - Dissertation project
-

Additional Skills

Communication

- Met with form owners at the Walton Centre to discuss how their paper forms could be made electronic
- Training staff how to use the patient record system
- Supporting staff on the release week of the patient record system
- Enthusiastic, outgoing, friendly and conscientious with good interpersonal skills

Teamwork

- Part of the development team at the Walton Centre
- At Music Magpie worked as a team to answer and meet quotas of emails

Problem-solving

- Designed my own system using previous knowledge of PHP and JavaScript
 - Strive to achieve the highest standards in everything I undertake as I have achieved a First-Class Honours degree
-

Interests

- In my spare time I enjoy bike riding, dog walking and socialising
 - I also enjoy playing video games and keeping up to date with the latest technology
-
